**RE: Confirmation of Defence Materiel Supplier**

This is to confirm that Compliance and Security Advisory Services (Pty) Ltd (CSAS) was awarded the contract to supply Shotgun-Cartridges (12 Bore Double Ball) to the South African Defence Force by Armscor, the state acquisition agency of defence materiel for Department of Defence and other South African Law Enforcement agencies.

This letter further confirms that Kuvhima was the manufacturer of the ammunition for CSAS (main contractor) for fulfilment of the above-mentioned order. CSAS has satisfactorily executed the order according to the requirement and specifications.

Should there be any question/s regarding the order, ARMSCOR is more than willing to be of assistance.

Hope the letter will receive your favourable attention.

Kind regards

Goolam Adam  
Commodity Specialist
