

# GROUND FORCES

World Leader in Supplying Ground forces  
Equipment and Training

## GLOBAL FOOTPRINT

Founded in 1990, TAR IDEAL CONCEPTS established itself as a leading solutions provider, representing international HLS & Defense companies to the Israeli MOD, Law Enforcement Units and Prison Facilities.

In 1995, TAR expanded activities to the international market, adopting the civilian ONE STOP SHOP concept. As an integrator of products and technologies, Tar's experts take care of planning and execution, including post-delivery, ongoing training and management support to ensure projects' success.

## NATIONAL-SCALE SOLUTIONS

In 2013, the Avnon Group was established, leveraging on the different technologies within the group, TAR provides more technology-based projects and solutions to a broader client base. Understanding that governments are looking for holistic solutions, TAR has made a transition from an integrator of 3rd party products to delivering national-scale integrated technology solutions to meet their threats and operational requirements.

As a client orientated company, we address the specific threats, time frames and budgetary constraints of our clients'. Our flexibility enables us to build customised solutions for each project.

## WORKING TO SECURE YOUR FUTURE

TAR's ONE STOP SHOP concept encompasses all the many elements of a project; from operational knowledge and technologies, to advanced equipment and training. This enables Special Forces, First Responders and decision makers to establish operational protocols, training techniques, and combat capabilities, using the latest technologies to address threats ranging from terrorism, international crime, natural and man-made disaster and intrusions to our critical information infrastructures.

# TRANSPORTATION

## VEHICLES

TAR offers a wide range of transportation platforms for military, police, air, land and sea, customized to meet customer requirements.

TAR offers:

- ▶ Transportation Vehicles
- ▶ APC
- ▶ Helicopters
- ▶ Logistic Trucks
- ▶ ATV
- ▶ Combat Jeeps
- ▶ Trailers

HELICOPTER/ TA04160

AVLB /TA04190

LOGISTIC TRUCK/ TA04155

TRANSPORTATION VEHICLES/ TA04156

APC/ TA04157

ARMY ATV/ TA04158

COMBAT JEEP/ TA04159

## ▶ ADVANCED LIGHT-WEIGHT UAV SYSTEM G2

**TA04305**

A fully autonomous, Light-weight UAV. Provides real-time day and night video stream via the Ground Control Station. Ideal for fast deployment & turnaround time. High payload stability.

## ▶ MID RANGE UAV

**TA03202**

The UAV is an electrically propelled platform that provides real-time visual intelligence with a 50km communication range. The payload has a continuous optical zoom, high resolution day camera, IR cooled 3-5um night sensor with continuous optical zoom, and Laser pointer. The UAV's typical missions are target acquisition, border surveillance, force protection, frigate defense and the protection of critical Infrastructures.

*Features:*

- ▶ Endurance: 6-10 hours.
- ▶ Wingspan: 4.4 meters.
- ▶ Payload: 3.5kg.
- ▶ Ceiling: 15,000 ft.
- ▶ MTOW- up to 30kg.
- ▶ Fully autonomous mission including take-off and landing.
- ▶ Low acoustic, heat, radar signature.

## ▶ ADVANCED HIGH PERFORMANCE UAV SYSTEM

**TA04306**

Equipped with a gimballed, stabilized high performance EO & IR payload that is interchangeable with other sensors that are up to 3kg.

## ▶ COMMAND & CONTROL ARMoured VEHICLE

### TA02011

Mission ready management vehicle, modified to meet the constraints of mobile dissemination of orders and alerts.

#### Optional Systems:

- ▶ 12 Passengers
- ▶ Electronic nightvision system
- ▶ Escape hatch
- ▶ 360° gun-port coverage
- ▶ Advanced door lock mechanism
- ▶ Heavy-duty electronic winch
- ▶ Multi-layer ballistic glass, no spall
- ▶ Removable wire mesh glass protection
- ▶ External view cameras providing 360° F.O.V.
- ▶ Siren/PA system
- ▶ Emergency lights package

## ▶ COMMAND & CONTROL TENT

### TA02118

Enables the joint force commander to set up a temporary, self-contained, self powered, computer network-enabled headquarters.

## ▶ OBSERVATION VEHICLE

### TA02006

Designed for long range security patrols, to secure and control large areas. Defends mobile targets, with perpetual adaptation of reconnaissance patterns.

Enhances the ability of early threat recognition effectively improving perimeter control.

## ▶ SURVEILLANCE VEHICLES

### TA04304

Designed and equipped to gather and analyze audio-visual intelligence from multiple sources, in real-time.

## ▶ SURVEILLANCE AEROSTAT

### TA02005

Balloon observation system with Day/Night vision cameras with self-stabilization and real-time video transmission:

- ▶ Unmanned Aerial Surveillance
- ▶ Target Acquisition
- ▶ Border & Coastal Surveillance
- ▶ Intelligence
- ▶ Search & Rescue
- ▶ Battle Proven

## ▶ FAST DEPLOYMENT OBSERVATION WIRELESS SYSTEM

### TA02007

Ideal for observational operations in remote enemy territories and rural areas where a car or balloon cannot be deployed.

## ► SQUAD TENT

TA04135

Accommodates 12 soldiers. Easy to assemble and waterproof.

## ► MODULAR DIVISION TENT

TA04136

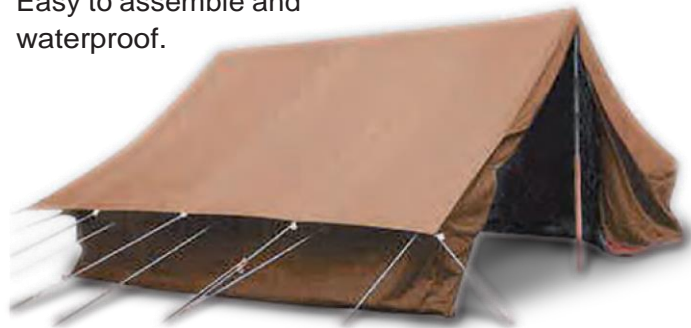

Multi-purpose tent used as a storage, hospital, command tent etc. Ideal for use in extreme weather conditions.

## ► RIDGE TENT

TA04137

Accommodates up to 4 soldiers. Easy to assemble and waterproof.

## ► NYLON TOILET TENT

TA04147

## ► SHOWER PLATFORM

TA04142

This mobile shower platform is used as a modular sanitary system in the field. Mounted on a platform for easy transport.

## ► EXTREME WEATHER SLEEPING BAG

TA04140

Light-weight, small pack size, waterproof outer nylon with hood.

## ► BUNK BED

TA04143

Designed to be assembled within seconds single handedly.

## ► WATER TANK TRAILER

TA04145

Capacity: 200L, 300L, 500L.

## ► COOKING TRAILER

TA04150

## ► FIELD TABLE

TA04149

## ► SINK SYSTEM

TA04151

Available in different sizes & models.

## ► LOGISTIC TRAILER

TA04138

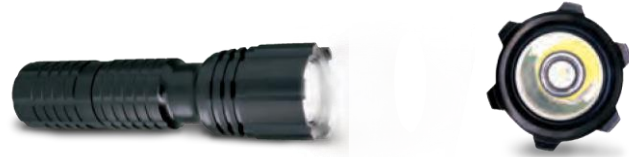

▶ **MULTI-COLOR LED FLASHLIGHT**  
TA03150

Waterproof up to 20 meters.  
Works at temperature from 50-60 degrees Celsius.

▶ **PERSONAL FLASH LIGHT**  
TA04124

▶ **PORTABLE 360 LIGHTING AREA**  
TA01081

Portable, lightweight, and rechargeable LED used to provide a powerful 360° scene light.

▶ **GLOWPAD**  
TA04195

▶ **STICK LIGHTS**  
TA04161

▶ **ILLUMINATION TRAILER WITH GENERATOR**  
TA04162

Provides high illumination output for large areas. The trailer has a powerful diesel engine enabling long periods of operation.

▶ **TLG**  
TA03167

Designed to be used with (or without) night vision devices to engage enemy targets at night. The TLG is a dual beam, weapon mounted. IR and red aiming laser activated by two integral On/Off switches or by a remote pressure switch. Meets MILSPEC standards,

▶ **SILENCER**  
TA04132

▶ **RAIL SYSTEM**  
TA02132

Allows user to customize the gun with equipment for a specific missions.

▶ **TL6 PRO**  
TA01078

TL6 PRO is a mountable, shatterproof, and waterproof tactical LED flashlight that will light your way.

▶ **POLYMER MAGAZINE**  
TA02095

▶ **WEAPON GRIP**  
TA02133

M-16 Grip

AK-47 Grip

## ▶ 9mm PISTOL

TA03126

## ▶ M-16

TA04002

Assault rifle. Different stock & barrel length options, for Infantry, SWAT & Special Forces.

## ▶ CQB RIFLE

TA03133

This lightweight weapon, approx. 2.7kg, has a telescopic stock to enhance compatibility and comfort. Reaching the extended length of 63.5cm, this weapon is used for short range anti-terror battle and urban settings.

## ▶ M-203

TA04003

Complete range of 40mm high explosive and special purpose ammunition.

## ▶ UPGRADED AK-47

TA03198

This upgraded weapon weighs approx. 5.21 kg and an effective range of up to 400meters. The Upgraded AK-47 has a telescopic stock and has a rate of fire of up to 600 rounds per minute.

## ▶ MAG

TA04206

The MAG is a multi-purpose 7.62mm machine gun with a range of up to 1,200m. The MAG has been proven as an effective and useful weapon.

## ▶ 7.62 MACHINE GUN

TA04008

7.62mm machine gun. Reliable and user friendly. Light and compact design provides increased mobility and allows for accurate offhand (shouldered), direct fire support.

## ▶ MORTAR

TA04018

Available: 52mm, 60mm, 81mm, 120mm.

## ▶ ROCKET LAUNCHER

TA04007

Light Anti-Tank Weapon (one-shot launcher).

## ▶ MACHINE GUN 0.5

TA04006

Can be fitted to all types of armored vehicles, patrol boats, helicopters, and aircrafts.

## ▶ 40mm GRENADE BELT-FED LAUNCHER

TA04005

40x53mm ammunition. Effective range up to 1,500m. Can fire from a tripod mounted position or from a vehicle mount.

## ▶ R.P.G.

TA04009

The RPG is a portable, unguided, shoulder-launched, anti-tank rocket-propelled grenade launcher.

▶ **.308 SNIPER RIFLE**  
**TA04163**

Caliber: 7.62 x 51mm NATO.

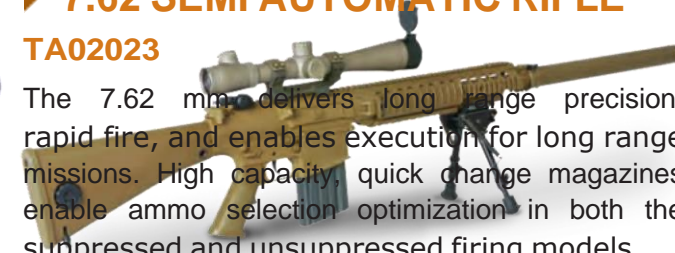

▶ **.338 SNIPER RIFLE**  
**TA02021**

A long-range high-precision rifle. Intended for the trained marksman, this weapon is designed to shoot targets at up to 1200m and beyond.  
Caliber: 0.338

▶ **7.62 SEMI AUTOMATIC RIFLE**  
**TA02023**

The 7.62 mm delivers long range precision, rapid fire, and enables execution for long range missions. High capacity, quick change magazines enable ammo selection optimization in both the suppressed and unsuppressed firing models.

▶ **SNIPER RIFLE 14.5X114**  
**TA04165**

▶ **LONG-RANGE SNIPER RIFLE**  
**TA02022**

Tactical Rifle – 50 caliber.

▶ **SNIPER MANAGEMENT SYSTEM**  
**TA02034**

A real-time integrated video, audio and data communications system which allows remote decisions to be made.

▶ **LASER RANGE FINDER**  
**TA04028**

Provides instant distance and speed measurements.

▶ **OPTIC DETECTOR (LONG RANGE)**  
**TA02035**

Detects passive optical and electro-optical devices such as binoculars, night vision devices, weapon sites, etc.

▶ **POCKET WIND METER**  
**TA04025**

Water resistant and buoyant. Wide range of wind speeds and low startup speed.

▶ **SPOTTING TRIPOD KIT**  
**TA02033**

Tactical tripod with LRF, IR and visible pointer and scope.

LRF

SPOTTING SCOPE

## ▶ CAMOUFLAGE KIT

TA04030

Camouflage is used for concealment and disguise, to minimize the detection or identification of troops, weapons, equipment and installations, includes taking advantage of the immediate environment as well as using natural and artificial materials.

### The kit includes:

- ▶ Hammer: 1
- ▶ Secateurs: 2
- ▶ Insulating tape: 5
- ▶ S.P. pipe: 5
- ▶ S.O.F. brush: 2
- ▶ Hard brush: 2
- ▶ Strings: 5
- ▶ Camouflage net (2m x 4m): 1
- ▶ Canvas (2m x 4m): 1
- ▶ Glue spray: 5
- ▶ Soil bag: 5
- ▶ Shovel: 2
- ▶ Wire: 10
- ▶ Aluminum rods: 10

Develop & design unique solutions for:

- ▶ Combat
- ▶ Personnel
- ▶ Vehicle
- ▶ Sensors & Cameras

## ▶ NIGHT TIME GILLIE SUIT

TA02119

Worn at night the camouflage suit makes the wearer invisible to the naked eye. Fire redundant. Optional thermal protection.

## ▶ GHILLIE SUIT

TA04168

## ▶ CONCEALED CAMERA

TA04169

## ▶ SNIPING CAMOUFLAGE KIT

TA04166

A perfect solution for blending in with the surroundings to breakup the distinctive human shape.

## ▶ PARACHUTE

TA04042

The parachute is steerable with anti-inversion netting. Minimum air passes through the material enabling a slower than normal descent and softer landing. Used during higher field elevations or descending with heavy payloads.

## ▶ RESERVE PARACHUTE CANOPY

TA04043

Reserve emergency parachute for maximum load. Can be folded in deployment bag.

## ▶ CARGO PARACHUTE

TA04044

Parachute delivery of non-fragile equipment using a high-velocity air delivery method.

## ▶ ALTIMETER

TA04170

## ▶ CYPRES

TA04171

Can be operated manually or automatically.

## ▶ SUPREME HEADSET

TA04172

Designed to be connected to a push-to-talk system and a communication radio. Waterproof microphone and loudspeakers.

## ▶ ALTITRACK ALTIMETER

TA04301

Withstands extreme variables in both heat or cold conditions

## ▶ INFLATABLE FLOATATION SYSTEM

TA04303

Provides the appropriate amount of lift necessary to bring to the surface and float in a face-up orientation.

## ▶ SKYDIVING HELMET

TA04302

Provides unbeatable comfort and field of vision. High polycarbonate visor provides protection against hits while maintaining an undistorted view. No pressure points.

## ▶ MINI EXPLODER

TA01042

A one handed operation exploder, operating from commercial "off the shelf": batteries. Utilizes proven technology for a variety of EOD and IED applications.

## ▶ DOOR BREACHING EXPLOSIVE

TA02124

Provides a rapid method of entry through walls and other barriers. The system comprises of a plastic shell, the frame acts as a support for the explosive, and as a container for water which surrounds the explosive.

## ▶ NONEL SYSTEM

TA01085

Versatile non-electric initiation system. Consists of 3 main components: Grip Switch, Percussion Cap, and Shock Tube Detonator. 4 available lengths: 30m, 65m 100m & 320m.

## ▶ 12G DOOR BREACHING AMMO

TA01048

For use with 12 guage shotgun, pump action or semi automatic.

## ▶ MEDICAL TENT

TA04116

The medical tent is used for a wide variety of medical applications, from lifesaving surgical procedures in the field to mobile emergency or disasters situations. Various modes of operation are available according to client-specific needs: indoor & out, single or several units (separated or combined together), fast deployment or standby.

## ▶ FIELD HOSPITAL

TA04117

The field hospital comprises several ISO 1 C container modules. Based upon the customers requirements, the following modules may be built:

- ▶ Surgery preparation room.
- ▶ Sterilization room.
- ▶ Surgery.
- ▶ Intensive care unit.
- ▶ X-ray room.
- ▶ CT room.
- ▶ Dental care room.
- ▶ Pharmacy.
- ▶ A ward block located in the tents may be added to the field hospital.

## ▶ 8 FOLD STRETCHER

TA04118

Ideal Battlefield Stretcher:

- ▶ Weighs less than 5kg
- ▶ Fits into a backpack case.
- ▶ Easily stored in facilities, vehicles and helicopters.

## ▶ EMERGENCY CONTAINER

TA04119

Mobile and modular material handling crates for smart equipment handling. Provides a necessary rapid deployment tool and methodology for material and equipment handling in the field.

## ▶ PARAMEDIC FIELD BAG

TA04198

A professional medical bag, which meets the needs of the most advanced paramedic. Adjustable for all medical field requirements.

## ▶ EMERGENCY BLANKET

TA14112

Provides essential warmth, preventing and treating the onset of hypothermia. Reflects almost all radiated body heat produced back to the patient.

## ▶ STRETCHER HOLDERS

TA04120

## ▶ COMPACT FOLDING STRETCHER

TA04114

8 Fold, lightweight. Easy to use and can be stored in facilities, vehicles & helicopters.

## ▶ DROP LEG AID KIT

TA04113

Can be worn on the leg or attached to a MOLLE style vest. All kits can also be custom packed to meet your specific mission requirements.

## ▶ BEDS

TA04121

Folding beds used as field hospital beds, camping & emergency operations sleeping kits.

## ▶ SOFT STRETCHER

TA04197

## ▶ MEDIC FIRST AID KIT

TA04115

Assorted types of medical bandages and medical aids.

► **EXPLOSIVE DETECTION DOGS**

- Displays a passive response to indicate explosives sitting / lying or in an active way: barking.
- Detects explosive compounds, including ammunition and firearms (inc. people carrying explosives) on buses, trains, planes, etc.
  - Trained to be non- aggressive to strangers and behave passively in populated areas such as train stations, airports, etc.
  - Trained to mark their findings in an active or passive way.
  - Trained to detect explosive charges in different terrains and environments.

► **TRACKING DOGS**

A "tracking" dog follows the scent trail left behind by a person or animal. Ideal for Police Patrol Forces, Security Teams and Police Detectives.

The Tracking dogs are trained to:

- Assist handlers in tracking missing persons, suspects or lost items.
- Track through various terrains, following tracks made several hours before.
- Trained to locate any clues on the way.

► **K9 TACTICAL VEST**

TA07003

Light-weight 3 piece design includes full chest, back, and underbelly protection. Perfect fit, "one size fits all" vest. Available in NIJ level 2 (ballistic material).

► **K9 COOLING VEST**

TA07001

- Constant temperature when charged
- Cooling duration: 2 hours
- Washable, removable cool - packs.

► **LEASH**

TA07010

Leather dog leash for tracking. Stitched with snap hook.

► **K9 FIRST AID KIT**

TA07019

A fully equipped kit to meet initial First Aid requirements in the field.

► **PINCH COLLAR NYLON PROTECTOR**

TA07015

- Reduces contact with water.
- Protects against excessive light reflection.
- Collar makes less noise.

► **MUZZLE**

TA07005

Practical muzzle for training, travelling, patrolling and guarding. The muzzle is safe and non-toxic.

## ▶ COMBAT MILITARY UNIFORM TA04058

Two-piece military uniform made of breathable fabric. Available in various colors, according to customer request.

## ▶ TACTICAL BREATHING SHIRT/PANTS TA02074/ TA02075

Highly breathable FR combat shirt and pants designed for Special Operations, International Forces, and Special Response Teams.

## ▶ COMBAT MILITARY BELT TA04199

Maximum compatibility to field condition.

## ▶ TACTICAL BOOTS TA02077

Designed for speed and mobility, with airflow channels and extra cushioning.

## ▶ DESERT BOOTS TA04059

Designed for hot climates the desert boots are padded to suit extreme desert weather.

## ▶ DRESS UNIFORM TA04173

## ▶ EPAULET TA04174

## ▶ INSIGNIA TA04175

## ▶ DRESS BOOTS TA04176

## ▶ DRESS SHOES TA04177

## ▶ THERMAL UNDERSHIRT

TA04069

Ideal during high exertion and cold weather conditions. Ultra-lightweight insulating layer engineered for core temperature consistency.

## ▶ T-SHIRT

TA04068

## ▶ PADDED COVERALL

TA04074

Protects against extreme cold weather, maintains body temperature.

## ▶ SOFT SHELL SUIT

TA04077

Waterproof jacket and pants suit.

## ▶ LONG UNDERWEAR

TA04071

Maximum thermal regulation, from waist to ankle. Brushed cold gear fabric and a performance waistband, enhance comfort.

## ▶ UNDERWEAR

TA04070

## ▶ NYLON PONCHO

TA04076

Nylon Poncho with drawstrings and stoppers. Water repellent and windproof.

## ▶ RAIN COAT

TA04178

Front zipper 100% water repellent nylon Rain Coat with hood.

## ▶ SPORT SHORTS

TA04073

## ▶ UNDER-HELMET COVER

TA04078

The Under-Helmet Cover protects the head and the ears from the cold.

## ▶ COLD WEATHER PULLOVER

TA04075

Made of wool, comfortable and warm. Can be worn over the uniforms.

## ▶ TOWELS

TA04067

## ▶ WOOL SOCKS

TA04072

## ▶ BERET

TA04060

## ▶ HELMET COVER

TA04062

High quality for military, exploring and outdoor use.

## ▶ BOONIE HAT

TA04064

Complete with chin strap - protects the face and the nape from the sun.

## ▶ ARMY CAP

TA04066

Protects the face and crown from the sun.

## ▶ COOLING MASK

TA04179

## ▶ NOMEX MASK

TA04061

## ▶ EXTREME WEATHER CAP

TA04065

Insulated to keep the head warm in the coldest temperatures.

## ▶ COLD WEATHER GLOVES

TA04080

Wind and water resistant ideal for military use.

## ▶ IMPACT GLOVES

TA04081

Fast roping gloves suitable for combat operations.

## ▶ NOMEX GLOVES

TA04083

Constructed with a 100% Nomex.

## ▶ COMBAT GLOVES

TA02079

Ideal for combat operations that require maximum finger dexterity.

## ▶ DRESS GLOVES

TA04180

## ▶ FINGERLESS GLOVES

TA04181

Fingerless gloves allow the wearer to move about freely while keeping in warmth.

## ▶ DUFFEL BAG

TA04046

Top loading duffel bag with snap hook closure.

## ▶ A.L.I.C.E. FRAME

TA04047

Programmed flex pattern. Allowing natural and fluid movement of the upper body. The saved angular momentum protects the back.

## ▶ 25L RESERVOIR

TA04052

The 25L reservoir eliminates the need for inefficient jerry cans in the field.

## ▶ PERSONAL WATER RESERVOIR 3L

TA04053

Includes hydro-link modular connection system with positive shut off hydrolock exterior fill port for filling up on the go.

## ▶ BACKPACK

TA04048

Fully adjustable to fit different sized objects.

## ▶ EQUIPMENT BAG

TA04049

Designed to carry infantry gear. Made of 1000 denier, water resistant. Heavy duty zippers and removable nylon web strap.

## ▶ WATER FILTER

TA04182

## ▶ 3L RESERVOIR WITH STORAGE

TA04055

Closed cell insulation and neoprene tube cover keeps water cool or warm for hours.

## ▶ BACKPACK WITH RESERVOIR

TA04051

Can be loaded up with 200L of gear and up to 3L water.

## ▶ PERSONAL BAG

TA04050

Fully adjustable to fit different sized objects.

## ▶ WATER PURIFIER

TA04056

Chemical-free water treatment solution. Uses ultraviolet light to destroy waterborne microbes. Without any chemical taste, smell or side effects.

## ▶ 1.5L RESERVOIR

TA04057

## ▶ BALLISTIC GOGGLES

TA02083

Lightweight eye protection offers a unique combination of high level protection and an unrestricted field of view.

## ▶ VENTILATED GOGGLES

TA04086

Goggles with 2-speed fan utilizes micro-rotor technology to eliminate fogging in only seconds. Designed for Infantry, S.W.A.T. and Special Forces.

## ▶ "FLY-EYES" GOGGLES

TA04088

Tactical eye wear with ballistic lenses.

## ▶ SHOOTING GLASSES

TA04090

A revolutionary new approach to ballistic eye protection with premium anti fog/anti-scratch lenses.

## ▶ TPM 46

TA03046

Full unobstructed vision panoramic face shield. Voice diaphragm to facilitate voice communication.

## ▶ PROTECTIVE EARPHONES

TA04087

## ▶ EAR PLUGS

TA04089

## ▶ MILITARY COMPASS

TA04091

Lightweight compass, used by armies around the world.

## ▶ ELBOW/KNEE PADS

TA04094 / TA04092

Designed for high-intensity Infantry units. One size fits all.

## ▶ ADVANCED KNEE PADS

TA04096

Hybrid construction which combines high and low density materials to deliver maximum "cush" with knee pad support.

## ▶ CLIP-ON KNEE PADS

TA04093

Heavy duty clip-on kneepads are clipped onto the field pants, then the clip-locks over the clip to lock them down. Velcro back to the kneepads for a long lasting comfortable fit.

## ▶ NEOPRENE KNEE PADS

TA04097

Extremely flexible and fit comfortably under or over clothing, making them ideal for long-term wear.

## ▶ COMBAT KNIFE

TA04095

## ▶ TACTICAL VEST WITH 3L RESERVOIR

TA04098

Fully integrated hands free hydration, rugged pouches and ergonomic comfort. Available in black & foliage green.

## ▶ MOLLE TACTICAL VEST

TA02080

Modular lightweight combat vest designed to provide exceptional comfort and functionality in the field. The vest has a full modular Molle paneling on the front, sides, and rear for attachment of additional user specified pouches.

## ▶ TACTICAL HELMET

TA04200

Lightweight and multi-impact with ventilated line. Impact pads and comfort foam that is not affected by temperature, altitude or moisture.

## ▶ BALLISTIC HELMET

TA02136

TAR offers a range of helmet options to suit your mission needs, with varying weights and protection levels.

## ▶ MOLLE COMBAT VEST

TA04100

The vest is made of 2 separate parts (front, back). This structure enables the inserting of ballistic plates into each part for maximum protection.

## ▶ MULTI PURPOSE TACTICAL VEST

TA04101

Lightweight and designed to carry different types of accessories. One size fits all.

## ▶ ADDITIONAL PROTECTION FOR TACTICAL HELMET

TA04111

Protection against 7.62 round.

## ▶ ENHANCED BALLISTIC COMBAT HELMET

TA04183

The enhanced combat helmet's (ECH) shell is made of an ultra-high-molecular-weight polyethylene (UHMWPE) material. Additional devices may be attached.

## ▶ CERAMIC BP PLATES

TA04103

Lightweight ballistic protection for military use and personal protection.

## ▶ PE LIGHT BP PLATES

TA04102

Provides lightweight protection against high power armor piercing, improvised explosive devices, shrapnel and artillery fragments.

## ► COMPASS BINOCULARS

TA03116

Impressive light transmission for surveillance, navigation & other low-light applications.

## ► STABILIZED BINOCULARS

TA04032

The stabilized binoculars can easily view, record and/or transmit people and events from any mobile platform. Can be converted to night vision unit.

## ► LONG RANGE BINOCULARS

TA03118

Resilient, waterproof, shock resistant and rubber armored binoculars. Although light enough to be held. A tripod mount is included.

## ► LASER RANGE FINDER

TA04201

## ► SPOTTING SCOPE

TA04033

Small portable telescope with added optics to present an erect image, optimized for the observation of terrestrial objects.

## ► TRIPOD

TA04184

## ► NIGHT VISION GOGGLES

TA03121

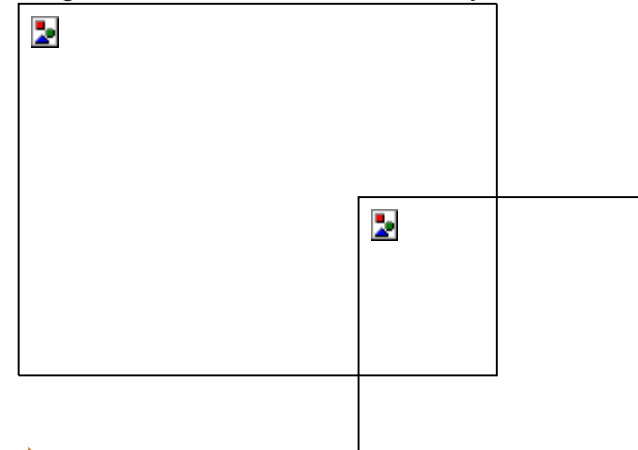

The most widely recognized and dependable U.S. Military night vision goggle system available. Combat proven with rugged, ergonomic design. Thermal technology can be incorporated.

## ► NIGHT VISION MONOCULAR

TA03119

The night vision monocular is equipped with manual variable gain control so that the image brightness level can be selected by the user.

## ► NIGHT VISION BINOCULAR

TA04034

Dual tube night vision binocular for enhanced depth perception and performance. Ideal for night driving or any tactical situation.

## ► COMBINED NIGHT & THERMAL VISION BINOCULAR

TA04213

This binocular has a combination of thermal and high-sensitive night vision channels and is a highly effective tool both combined day and night observation in any climate or terrain.

## ► THERMAL MONOCULAR

TA2220

High-end thermal monocular for all military needs. The high-precision all-terrain system combines the most sophisticated technologies to form a clear and distinct thermal image.

## ► THERMAL GOGGLES

TA02094

The thermal goggles made for all military needs and provide enhanced depth perception performances.

### ► SCOPE X4-16

TA02026

### ► SCOPE X5-25

TA02028

The X5-25 provides a full 5x and a wide field of view. The scope features high elevation and windage ranges for bullet drop compensation.

### ► X1.5-6

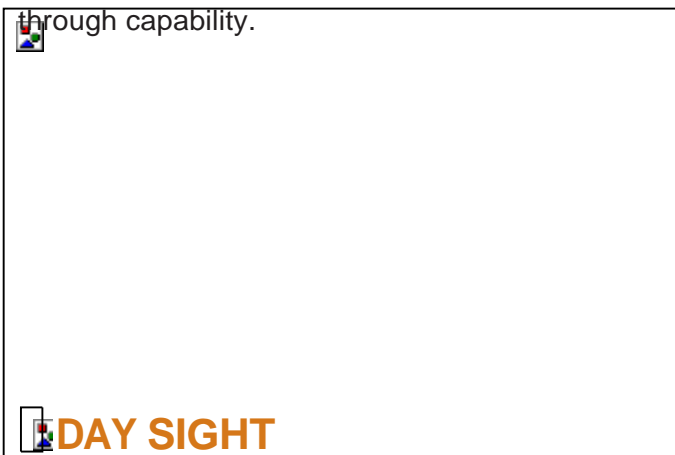

TA02030

The multi function combat day sight uses a revolutionary optical design that combines close combat & precision fire, and high efficiency for extended low light performance.

### ► TAROS

TA02086

The 4 prism scope is a compact "close quarters" optic. Waterproof and fog-proof. The scope features fully multi-coated lenses for bright see-through capability.

### ► DAY SIGHT

TA02103

Provides instant all-light capabilities. Battle proven, easy to use. Accurate and reliable.

### ► RED-DOT SIGHT

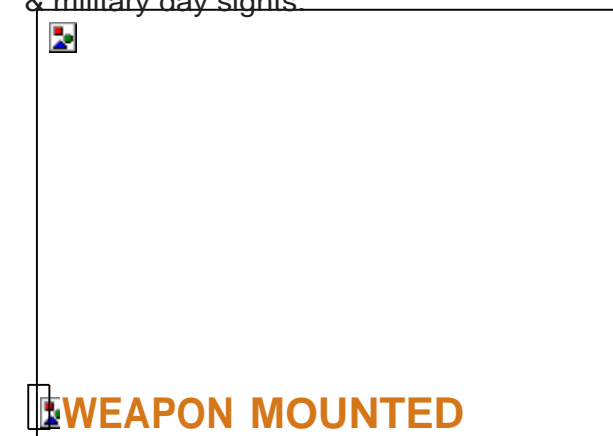

TA03168

### ► CLIP ON

TA02029

The night vision unit is mounted in front of an existing scope to give the day scope night vision capability. Suitable for use with most commercial & military day sights.

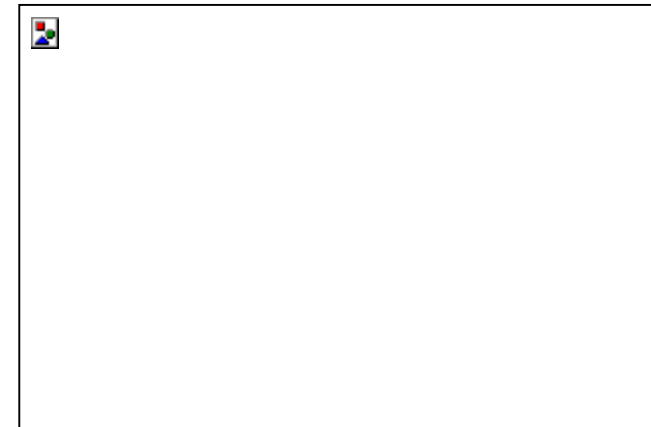

### ► WEAPON MOUNTED MONOCULAR

TA04202

### ► LONG RANGE INFRA-RED SIGHT

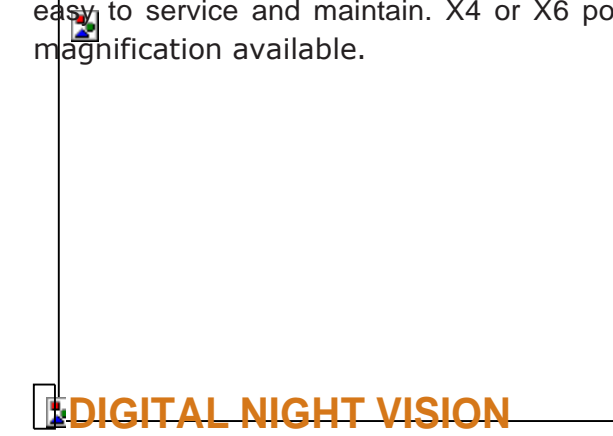

TA04186

### ► NIGHT VISION RIFLE SCOPE X4 OR X6

TA02027

Provides exceptional quality image resolution under varying light conditions. The scope is easy to service and maintain. X4 or X6 powerful magnification available.

### ► DIGITAL NIGHT VISION

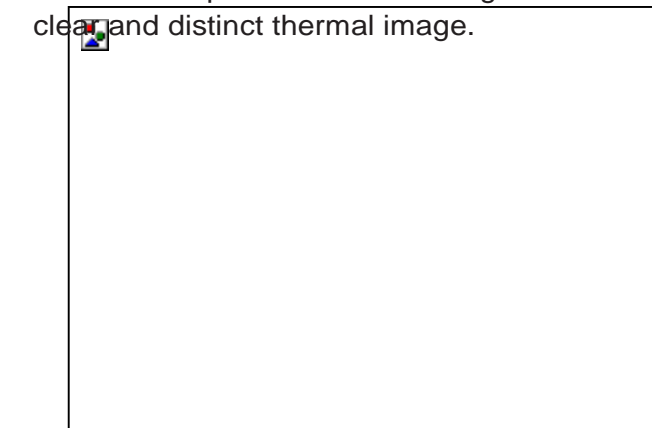

TA04185

### ► THERMAL SIGHT

TA2222

High-end thermal sight is an innovative high-precision all-terrain weapon sighting system. It combines sophisticated technologies to create a clear and distinct thermal image.

► **RADIO SYSTEM**  
**TA04107**

Professional 2-way radio.

► **PORTABLE COMMUNICATION SYSTEM**  
**TA04187**

► **TACTICAL HEADSET**  
**TA04203**

Flexible behind the head headset with left boom microphone.

► **THROAT MICROPHONE**  
**TA02143**

► **IRIDIUM HANDSET**  
**TA03179**

The iridium handset satellite phone is compact, lightweight, and easy to use, with industrial-grade ruggedness. You can enjoy your handset ANYWHERE on the globe.

► **PUSH-TO-TALK IRIDIUM SATELLITE PHONE**  
**TA04207**

Designed for global use, even when access to fixed or mobile telecoms infrastructure is limited or non-existent. The PTT uses the Iridium satellite network for worldwide connectivity. Provides secure one-to-many voice and data connectivity. Ruggedly engineered to support high intensity users in the harshest conditions.

► **HEAVY DUTY HEADSET**  
**TA04189**

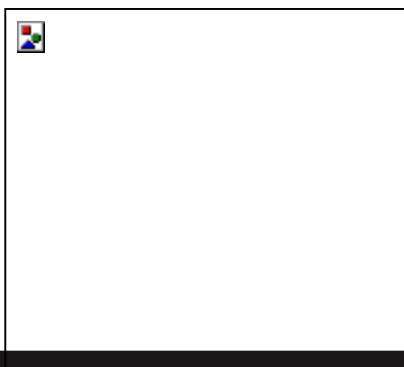

► **ARMY HEADSET**  
**TA04188**

Swivel earpiece is attached to the helmet clip. Noise cancelling, attached to the chin strap.

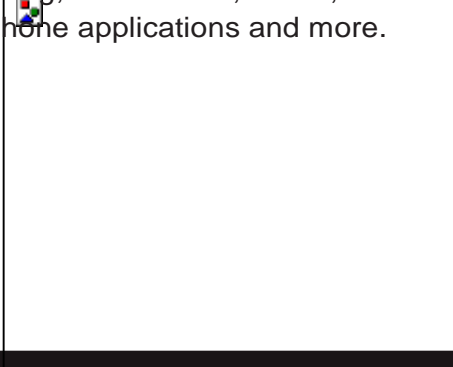

► **BGAN LAND/VEHICLE SATELLITES**  
**TA04209**

Provides simultaneous voice and broadband data communications globally from lightweight satellite terminals. Connect the BGAN terminal to a portable device to access the internet for web browsing, email, or streaming IP rates to meet all your data, voice and video needs.

► **IRIDIUM ANYWHERE**  
**TA04210**

Turn your smartphone into a satellite phone using the Iridium Anywhere device which enables your smartphone to work anywhere on the planet. Supports daily functions including social networking, email use, SMS, GPS tracking, smartphone applications and more.

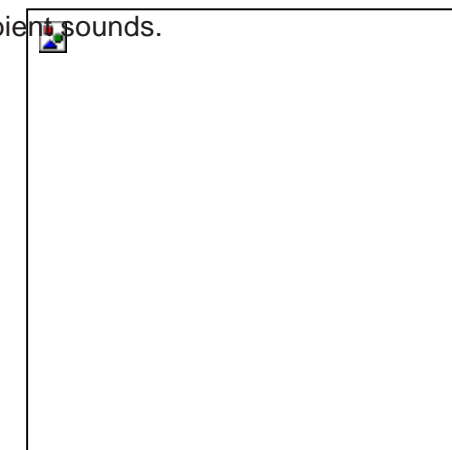

► **MESH BANDED HEADSET**  
**TA04204**

Comfortable and flexible under-the-helmet, mesh headset.

► **THIN WIRE HEADSET**  
**TA04205**

Combines hearing protection technology to protect ears and reduces unnecessary ambient sounds.

## ▶ ELECTRONIC WARFARE JAMMING VEHICLE

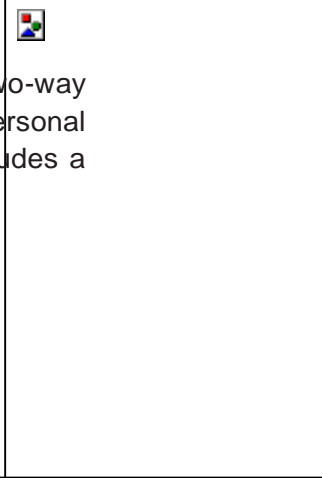

TA04109

The RCJ HF-VHF-UHF, high power jammer is designed to block FM communication. The system operates on a microprocessor for DDS programming, using mixed signals for maximum jamming efficiency. Each unique noise signal creates a "firewall" between the transmitter and receiver, and allows a selective jamming area through Broadband Directional Antennas that can be used with long wire and Omni directional antennas for 360° jamming.

## ▶ SATELLITE PERSONAL TRACKING DEVICE

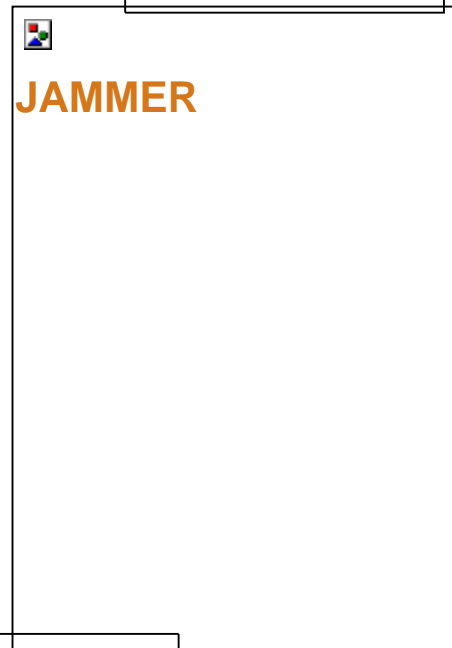

TA04212

A handheld, global, two-way satellite messaging and personal tracking device, which includes a distress button.

## ▶ MANPACK JAMMER

TA04300

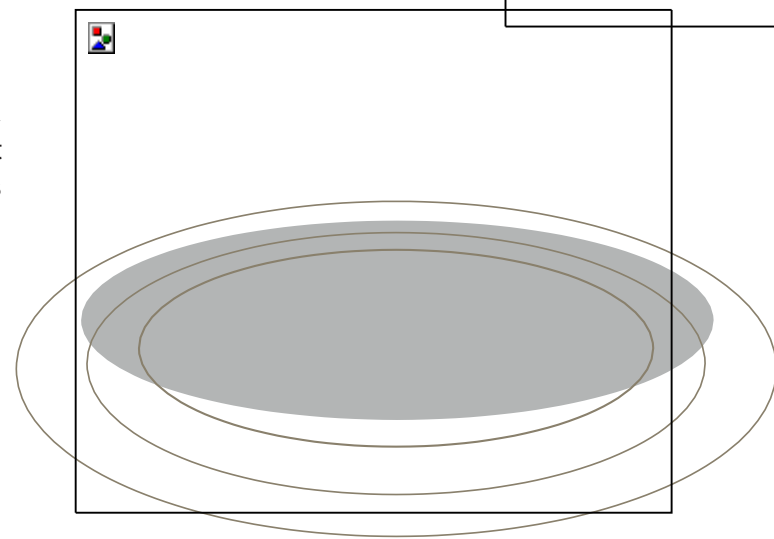

## ▶ LIE DETECTOR

TA08052

Applications: Interrogation. Real-time intelligence gathering & suspect interrogation in combat zones. Agents and informers reliability test.

### System Highlights

- ▶ Rapid interrogation process
- ▶ Fully automated
- ▶ Multi lingual system
- ▶ Dynamic and Adjustable
- ▶ Easy to use

## ▶ TL5 PRO IR & VISIBLE BEACON

TA03166

The TL5 PRO was developed in collaboration with special forces and military experts, to detect and identify friendly forces in enemy territory.

Signaling the soldier by infra-red or by using visual illumination that may prevent friendly fire situation. The TL5 PRO may be used as a personal flashlight. In addition, the TL5 PRO personal marker is easy to activate and operate.

Made of PA (Nylon) + 30% GF (Glass Filled) and PC (Polycarbonate).

IP53 compatible: splash resistant, O-ring sealed.

Fits Standard picatinny rail.

4 Circular infrared LED's (830 nm).

Centre high power colored LED: white/blue/red.

Dimensions (mm): 60w x 33h x 80l.

90Gr. without battery.

Operates on a single 3V lithium CR123 battery, GPCR123A (recommended) / 1 x AA.

In IR and visible mode the TL5 PRO allows visibility to be increased or decreased to the following distance: 100/300/800/1500 meters.

Impact Proofing: compliance with MIL-STD 810.

### THE KIT INCLUDES:

- 1 x TL5 PRO.
- 1 x Helmet mount.
- 1 x Vest mount.

*We offer a variety of surplus military equipment and previously used products and systems that can be tailored to meet our clients needs.*
